AN OPEN INVITATION

Enclosed is information on our 11th annual golf tournament being held at Raccoon Creek Golf Club in Littleton. The tournament proceeds will assist or Board of Trustees in providing programs to people of all diversities and social strata.

Opioid overdoses kill more people in U.S. than guns or breast cancer

Overdoses killed young and middle-aged Americans at a breakneck pace as the country battles a crippling opioid crisis. By comparison, opioids killed more people in 2020 than the 37,400 killed in car accidents, 38,000 by guns or more than 40,000 from breast cancer. Last year alone there were 87,300 deaths.

Everyone needs recovery from something – we all struggle with a hurt that has wounded us deeply, or an addiction that keep us from living an abundant life. Celebrate Recovery is a proven program that emphasizes recovery principles including group sharing, a 12-step programs, and fellowship with those struggling with the same issues. Additionally, certain members of our society are enslaved to drugs that destroy lives to the point of death.

Why Alternatives?

Every year, thousands of women in the Denver area struggle with decisions surrounding an unintended pregnancy. These women face tremendous pressure. No matter what they decide, it will have a profound effect on their life. At Alternatives, we seek to provide a network of support so comprehensive and caring that every woman will be fully informed of her alternatives before making a decision.

“In almost every case, a woman chooses abortion to accommodate the wishes of others who do not welcome her child,” writes Frederica Mathews-Green in her book, *Real Choices*.

She draws this conclusion from surveys of women who had abortions at nearly 200 pregnancy care centers. Counseling has the greatest impact when a young girl or woman first discovers she is pregnant. At this time of crisis, she needs compassionate help from someone who really cares about both her and her baby.

Esparanza Casa Para Los Ninos

By sponsoring a hole in the Hope4Youth Golf Tournament you can insure that not only will these orphans receive the necessary education to become contributing members of their communities but also rescue them from a life of servitude in the SEX TRADE (most young girls) and the DRUG TRADE (for most young men). For these less fortunate orphans, life gives very few choices and the funding of an education for those children enables them to break the cycle of poverty and suffering. The no frill tournament model is unique since the underwriting of the tournament is borne by you the sponsors , 100% of all contributions , fees and auction proceeds will go directly into the educational scholarship to pay their tuition and assist in the purchase of the necessary text books and supplies.

TRU International Kenya

TRU International works intentionally to Transform lives through discipleship, softening the stone hearts of the street children to flesh. Next, they Restore relationships with each other, their community and God. Finally, they Unite these children, freed from the bondage of the street, and now having the ability to lead where they were previously despised in their community, both secular (through job training) and God’s Kingdom (through discipleship).
